

CYIENT'S COMMITMENT TO INFORMATION SECURITY, CYBER SECURITY AND PRIVACY PROTECTION

At Cyient, we are committed to protect the information and data of our organization, our clients, our partners and our associates from internal and external threats by implementing and continually improving our information security framework with adequate controls, tools and processes.

Objectives:

- Maintain confidentiality, integrity, availability and secure access to relevant business information and data
- Manage risks related to information security, cybersecurity and data privacy
- Collect, store and process data for the intended purpose in a lawful, fair and transparent manner
- Comply with legal, regulatory and contractual requirements of applicable interested parties*
- Drive compliance and impart security education to all associates
- Avoid breaches from internal and external sources

Sukamal Banerjee

Executive Director & Chief Executive Officer

* **Interested parties** include customers, shareholders, employees, government agencies, regulatory bodies, emergency services (police, ambulance, firefighters, etc.), employee families, media, suppliers, contractors, outsourced partners, publishers, service providers etc.
