Organisational Update

Appointment of Sukamal Banerjee as Executive Director and Chief Executive Officer of Cyient

- Sukamal is an accomplished professional and an acknowledged leader in the ER&D and Technology sector with over **30 years of experience**
- He has established and grown business lines and created market-leading business partnerships for global accounts with an engineering and technology focus. These include areas like Digital, Industry 4.0, and AI/ML across sectors spanning Communications, Semiconductor, Energy, Transportation, Automotive & Mobility, and Healthcare & Life Sciences, which align well with Cyient's major customer segments
- He brings thought leadership in transitioning industries across technological changes and building global capabilities across geographies

Appointment of Suman Narayan as the CEO of Cyient Semiconductors

- Suman is an **accomplished professional in the semiconductor space** with a proven track record of managing large organizations, scaling semiconductor businesses, and driving digital transformation
- Strong IP portfolio, deep domain expertise, long-standing customer partnerships, and global capabilities give Cyient Semiconductors the strategic edge to achieve significant growth
- His expertise in semiconductor products and ASIC development will be instrumental in shaping the future of Cyient Semiconductors.

Business Highlights for the Quarter

Strategic Engagement for Hydrogen Project in Norway

- Won a deal to support in the **development and execution of hydrogen production and distribution** facility in Norway
- A major step in advancing Norway's renewable energy ambitions, focusing on delivering green hydrogen to the maritime sector and heavy transport industries.
- Cyient's scope of work includes providing comprehensive owner's engineering and detailed plant engineering services

Alliance with Micware Navigations in the Mobility space

- Strategic partnership aims to deliver transformative solutions for **intelligent mobility**, focusing on **safer, smarter, and more sustainable transportation systems**
- By leveraging Cyient's engineering excellence and Micware Navigations' expertise in mobility software, the collaboration will develop integrated solutions that cater to the evolving needs of modern transportation ecosystems

INVESTOR PRESENTATION

ANNEXURE

Q4 FY25 & FY25

Message from the Management

KRISHNA BODANAPU
Executive Vice-Chairman &
Managing Director

Commenting on the results, Mr. Krishna Bodanapu, Executive Vice Chairman and Managing Director, said “For FY25, Cyient Group delivered US\$ 870 Mn in revenue at a YoY growth of 1.5% in cc; EBIT of 12%, a YoY decline of 248 bps: PAT of Rs 622 crores, a YoY de-growth of 15.4%; and FCF of Rs 688 Crore at a YoY growth of 6.2%.

I am also happy to share that we have launched our semiconductor subsidiary and have appointed Suman Narayan as the CEO of Cyient Semiconductors. Suman is an accomplished professional in the semiconductor industry with a proven track record of managing large organizations, scaling semiconductor businesses, and driving digital transformation.

At a group level we now have three well balanced growth vectors into future. Our recently carved out Semicon business CSPL focuses on Technology development and disruption led by AI, DET business focuses on Technology services with Engineering competence as the core and our DLM business focusses on Engineering led Product manufacturing opportunities. With this we are well positioned to address a wide spectrum of growth opportunities in this emerging macro and geopolitical uncertainties.

On the DET front, for FY25 DET business delivered revenue at US\$ 688 Mn, degrowth of 3% cc YoY. DET EBIT margin stood at 13.5%, declined by 261 bps YoY. Order intake for DET for the full year stood at US\$ 836 Mn, down YoY by about 7%, part of the de-growth attributed to evolving uncertainties through FY25 compared to previous year. We won 24 large deals in DET business with a total contract potential of US\$ 370.8 Mn in FY25.

I would also like to extend a warm welcome to Sukamal Banerjee who has joined us as Executive Director and Chief Executive Officer (CEO) of Cyient DET. As we continue to strengthen our core engineering offerings and build technology-led intelligent engineering solutions, Sukamal will provide a solid and stable foundation to lead Cyient DET through a transformative phase of growth.

For the DET business, we see a lot of opportunities which we can capitalize on given our balanced portfolio. Our top customers have demonstrated strong growth this fiscal year despite the headwinds in demand. While there are some uncertainties in the near term, we are working very closely with our customers in navigating through the current challenges. We expect this to last at least through the first half of FY26. I am confident that with our balanced portfolio, our global presence and with the new leadership in place, we will emerge stronger to drive sustainable growth in the medium – long term.”

Message from the Management

PRABHAKAR ATLA
President & CFO

Commenting on the results, Mr. Prabhakar Atla, President and Chief Financial Officer, said, “Q4 FY25 DET revenue stood at US 170 Mn, a de-growth of 1.9% QoQ in constant currency terms. This was largely on account of macroeconomic uncertainties which impacted the demand environment during the later part of Q4. Q4 FY25 DET EBIT margin stood at 13%, down by 48 bps QoQ. Despite revenue degrowth, we were able to minimize the impact on margins due to tight operational control and focus on execution efficiency. The PAT for Q4 FY25 stood at INR 163 Crores, a growth of 31.6% QoQ, led by improvement in other income, especially from unrealized/other forex gains due to major currency movements during the quarter. The FCF stood at INR 215 Crores, translating into 132% FCF to PAT conversion for the quarter.

At the end of FY25, our cash position is the highest ever – at \$157 Mn for DET alone. FY25 FCF for DET stood at ₹801 Crores, our best-ever, with an improvement of 6% YoY, resulting from our continued focus on cash generation. We have also cleared all our long-term debt, which makes Cyient DET a long term debt free business. We are also very happy to announce a final dividend of INR 14 per share which translates into a full year dividend of INR 26 per share.

As we exit FY25, we believe that we have an efficient, stable and proven framework of cost and cash management. This will be a critical enabler for us in navigating the current macro-economic uncertainties while providing us with the ability to explore and exploit opportunities effectively.”
