Cyient Foundation and ICT Academy Launch Entrepreneurship Development Program for Students in Telangana and Andhra Pradesh

Hyderabad, 18 June 2025: Cyient Foundation, the CSR arm of Cyient Ltd., has partnered with ICT Academy to launch a comprehensive entrepreneurship development program aimed at empowering 2,000 students across engineering, arts, and science institutions in Telangana and Andhra Pradesh. The initiative is designed to equip young minds from tier-2 and tier-3 cities with entrepreneurial skills and industry exposure through a structured three-stage program spanning awareness, intensive training, and mentorship.

Over the course of 12 months, the program aims to build entrepreneurial capacity through awareness sessions for 2,000 students, followed by hands-on entrepreneurship training for 1,000 selected participants. The top 100 students will then receive two months of personalized mentoring and business facilitation, including guidance on fundraising, compliance, leadership, and go-to-market strategies.

Commenting on the initiative, **Krishna Deevi, Head of Corporate Social Responsibility, Cyient**, said, “At Cyient Foundation, we believe entrepreneurship is the cornerstone of a resilient and self-reliant India. Through this partnership with ICT Academy, we aim to nurture a generation of confident, capable, and socially conscious entrepreneurs from the grassroots. This initiative reflects our commitment to inclusive growth by bringing industry-aligned opportunities to young people in underserved regions.”

Speaking on the partnership, **Suresh Babu L, Associate Vice President at ICT Academy**, said, “This collaboration with Cyient Foundation is aligned with our vision of bridging the skill divide and fostering innovation at the grassroots level. We are proud to deliver a holistic entrepreneurial journey—from inspiration to incubation—for students who will go on to shape the future of India’s economy.”

The program will also see active engagement from Cyient associates, who will contribute as facilitators and mentors. The entrepreneurship development program aims to support the launch of at least 100 student-led enterprises, thereby contributing to job creation and long-term economic growth in the region.

About Cyient

Cyient (Estd: 1991, NSE: CYIENT) delivers intelligent engineering solutions across products, plants, and networks for over 300 global customers, including 30% of the top 100 global innovators.
