

SUPPLY CHAIN MANAGEMENT

Our Global Supply Chain Network Includes:

30,000+

Parts

500+

Active
Suppliers

500+

Manufacturers

250+

Distributors
and authorized
stockists

We adhere to the following supply chain process:

- Suppliers are onboarded after a selection, evaluation and qualification process.
- A dedicated team ensures made-to-order part suppliers are onboarded with rigor and diligence.
- Approved suppliers are rated and monitored.
- Counterfeit parts management and control is carried out as recommended by AS 5553.
- SiliconExpert is used to achieve parts obsolescence management and verify RoHS compliance.
- A dedicated XRF Analyzer is used to verify components for RoHS compliance.
- Finally, SAP S4 HANA is employed for plant-level material requirement planning, procurement, engineering, quality management, and execution.
