

CONFLICT MINERALS POLICY - RANGSONS ELECTRONICS PRIVATE LIMITED (Rangsons)

At Rangsons, we are committed to sourcing components and materials from companies that share our values on human rights, ethics, and environmental responsibility. We commit to complying with the requirements of the Conflict Minerals Rule.

We expect our suppliers to support the cause, which prohibits human rights abuses, unethical practices, and comply with the applicable legal standards and requirements. We expect suppliers to source from socially responsible suppliers and flow this requirement on to their supply chain.

We expect our suppliers to provide us with completed conflict minerals declarations using the Conflict Minerals Reporting Template and to confirm that the 3 TG supplied to us is DRC conflict-free. We will assist our clients and work with them to implement their conflict minerals programs.

We will give due consideration to compliance with these requirements while selecting and retaining suppliers.
